Re: Drilling and Plugging Bond

Dear Mr. Taylor:

Returned herewith is one copy of your notice of intention to rework Well No. Blackie 1, and your bond.

This office cannot accept a bond for \$5,000 covering all wells that are to be reworked or drilled in the Virgin Oil Field. Said bond should be changed to read the number of the lease or leases or the lease description.

Also, if you desire to file this bond under the name of Supremex Oil Company, it will be necessary for you to file your notice of intention to rework your Blackie No. 1 well under the Supremex Oil Company and not the Supreme Oil and Gas Company.

Additional forms are enclosed herewith.

Yours very truly,

OIL & GAS CONSERVATION COMMISSION

Gentlemen:

I am enclosing a Bond of the Supremex Oil Company involving the land described in the bond. I trust the same is sufficient.

I have the rules and regulations of your commission revised to July 9, 1957. I am wondering whether or not you have a later revision. If so, I would appreciate a copy of the same and will remit whatever charges there are on a copy.

Very truly yours,

Gentlemen:

This is to acknowledge receipt of your notice of intention to drill Well No. Taylor - Fee 1, which is to be located 500 feet from the north line and 400 feet from the east line of Section 23, Township 41 South, Range 12 West, SLEM, Washington County, Utah.

Please be advised that approval to drill said well is hereby granted. However, said approval is conditional upon a plat being submitted in accordance with Rule C-4, General Rules and Regulations and Rules of Practice and Procedure, Utah Oil and Gas Conservation Commission.

This approval terminates within 90 days if the above mentioned well is not spudded in within said period.

Please take note that should it become necessary to plug and abandon said well you are hereby requested to give advance notice of the date and time said plugging will take place to one of the following named individuals, by phone or otherwise, in order that our Petroleum Engineer may be present to inspect the manner in which the well is being plugged:

Your attention is directed to Rule C-22, General Rules and Regulations and Rules of Practice and Procedure. Said rule provides for the submitting of a report of operations and well status report to the Oil and Gas Conservation Commission.

Your compliance with said rule is hereby requested.

We are enclosing some copies of Form OGCG-4, "Report of Operations and Well Status Report", for completion and return. For your convenience, Rule C-22 has been printed on the back of said form. Federal Form 9-329, Lessee's Monthly Report of Operations, may be used in lieu of Form OGCG-4.

Please note that if two legible copies, carbon or otherwise, of the report filed monthly with the United States Geological Survey of Form 9-329, are also filed each month with this Commission, it will be deemed compliance with Rule C-22, Paragraphs 1, 2, 3 and 4.

Dear Mr. Pickett:

We have written numerous letters to Mr. W. W. Taylor, of Supremax Oil Company, regarding the status of the above mentioned wells and to date have not received a reply.

Under our Rules and Regulations, the Bond on file with us will not be released until the necessary reports on the present status of said wells are furnished this office. Enclosed are copies of Forms OGCC-3 and OGCC-4 which are to be completed in duplicate and returned to this office.

If we do not hear from you or Mr. Taylor within the next two weeks, the matter will be handed over to the Attorney General's office for necessary action. Any help or assistance you might be able to render in this regard will be appreciated.

Dear Mr. Feight:

I received your letter of May 13, 1960, a copy of which had been sent to Mr. W. W. Taylor. He is in my office at the present time and I have gone over the matter with him, and given him the forms which you sent to me, and he promises to have the returns to your office soon.

Mr. Taylor has been out of the country considerable and has been away from his home a great deal, therefore, some of the letters which you have written him, I am sure have not reached him as yet. However, this matter will be attended to soon.

I trust that this is sufficient.

Dear Mr. Boyce:

We have written numerous letters since 1959 to the above mentioned company requesting they file Well Logs, Abandonment Reports and copies of any Electric and/or Radioactivity Logs that might have been run on these wells as required by Rules C-5, and D-2 of our Rules and Regulations.

Mr. Ellis J. Pickett, Attorney At Law, Pickett Bldg., St. George, Utah, has been named as the acting Attorney for this company and Mr. W. W. Taylor is President and resides at 326 North LaBrea Ave., Los Angeles 36, California.

We are sorry to bother you with this problem but we feel sufficient requests have been written to this company for the respective reports. Any help or assistance you may be able to render will be appreciated.

Gentlemen:

It has been called to our attention by the Utah State Oil and Gas Conservation Commission that you have failed to comply with Rule C-5 and D-2 of the Commission in that you have failed to file Oil and Gas Conservation Commission Forms 2 and 3. The rules of the Commission require that within 90 days after the suspension of operations for the abandonment or completion of any well, that a well log will be filed with the Commission, and if the well has been abandoned, an affidavit and record of abandonment and plugging must be filed within 30 days after the well has been plugged. It does not appear that with reference to the following wells held by your Company, to wit: Taylor Fee #1, Taylor Fee #2, and Blackie #1, located in Sections 14 and 23 of Township 41 South, Range 12 West, Washington County, Utah, that you have filed the required reports.

Section 9 of the Oil and Gas Conservation Act provides that upon the failure to abide by a rule or regulation of the Commission, court proceedings may be brought to compel compliance. Therefore, unless by 1 December 1961 the appropriate reports have been filed as above indicated, court action will be brought by attaching your interests in Washington County and enjoining future operations and requesting a mandatory order that you comply with the Commission's rules and that you be enjoined from operating in the State of Utah until such compliance.

We strongly suggest that if you have overlooked these requirements, that you immediately comply to avoid serious consequences.
